This pages can change moderator

Login

1st page

In first page of login will be:

- Name or company name
- Under will be  with question is this company? (when they click it then they info will show in 4 or 5 else on 1 or 2 of this marks in photo notary will show in 6 
- Your profession? They can choose one of followin punctes: lawyer, advocate or notery
- City
- adress
- Email
- Password
- Try password

Button: after

2nd page

When they choose advocates or lawyers or notery then site show him page for choosing ther servises for advocates another page or lawyers another page and for notary another page

I send u servises in word

From all servises they can choose only not more then 6 servisev but companies can choose not more then 12 serves

They can choose servises with smth ike this buttons

They can change it

All of them have their pages on this site like profil that can see clients for offering or looking

Login is end

In servises will show all servises besides notary

Clients can offer servises from this companies and lawyers and also can review them (after review moderator can see it he can publish or dalete it) and everyone can see it

For offering clients fill name, phone nuber and email

About map I havent any info but he wants yandex map
